

# CHICHELEY HALL

## Chicheley

Chicheley Hall closed its doors on 23 March following the government's directive for the suspension of all non-essential businesses as a result of the coronavirus epidemic.

Sadly the resulting devastating economic impact on the hospitality industry, together with the heightened operational restrictions, has meant we have taken the difficult decision to close our doors permanently. Our colleagues have been made aware of the closure, in what has been a challenging time for all concerned.

All customers with forthcoming bookings are being contacted by the General Manager and full and timely refunds will be made on any payment or deposit already made.

Unfortunately as Chicheley Hall is closed and due to the social distancing restrictions, face-to-face meetings cannot take place.

The owners, management and staff of Chicheley Hall would like to thank all customers for their support over the years and for your understanding with the very difficult decision that has had to have been taken.

For further details on the closure of the hotel, please contact the [General Manager](#) or call 01234 868650.
